# TRAINING THE TRAINERS: Developing Teaching Skills

**VENUE: NEWCASTLE SURGICAL TRAINING CENTRE,  
FREEMAN HOSPITAL  
DATE: 15 – 16 March 2018**

## CONTENT

**Component 1: E-learning** (Estimated amount time needed: 5-10 hours)

### Aims

- Introduce key educational theory concepts and how these apply to clinical education
- Test learners understanding of these concepts
- Support learners preparation for Component 2 (contact days)

**Component 2: Contact days**

### Aims

- Provide surgical trainers with an improved understanding of educational theory underpinning adult learning and how these apply to surgical education
- Increase a surgical trainer's understanding and skills in relation to formal teaching, facilitation approaches and teaching methodology

**Component 3: E-learning** (Estimated amount of time needed: 4-6 hours)

### Aims

- Review their teaching practise and the feedback that they were given.
- Plan and implement change in their teaching
- Reflect on the changes in their practise and how this impacts on the teaching and learning

This course aims to meet the changing needs of surgical educators and to incorporate the latest developments in education. It comprises of three components; two of which are delivered via e-learning approximately one month either side of the two face-to-face days. These additional components will help you gain the maximum benefits from the contact days, deepening your understanding of how adults learns and enabling you to plan, develop, delivery and evaluate training more effectively.

**COURSE FORMAT : 12 CPD POINTS**

\*E-Learning

\*Learner Exercises

\*Practice Exercise on session planning and delivery
