

National Microvascular Course

**Thursday 23rd March to Friday 24th
March 2023**

This course is designed for core surgical trainees in Plastic Surgery, Otolaryngology and Maxillofacial Surgery who have little or no experience in microsurgery or a refresher course for senior trainees. The course has been structured to gain maximum hands on experience under the supervision of experienced faculty.

Course Director

Mr Mani Ragbir

Consultant Plastic Surgeon
Newcastle upon Tyne Hospitals NHS Trust

Mr Juan E Berner

Consultant Plastic & Reconstructive Surgeon
Newcastle upon Tyne Hospitals NHS Trust

Mr Pat Crowley

Consultant Plastic Surgeon

Newcastle upon Tyne Hospitals NHS Trust

About the NSTC

Combining didactic teaching and practical procedures with leading edge technology, we offer first rate cadaveric training and continuing professional development in a purpose built facility. We also carry out pioneering research into new techniques and ensuring that you receive the very best surgical training available in the UK, both for today and in the future.

Topics Covered include:-

- Microsurgery Equipment and the basics of microsurgery techniques.
- Nerve Coaptation – Primary nerve repair and Interpositional nerve graft
- Vessel Anastomosis – End to end, Side to side & Interpositional vein graft

TARGET AUDIENCE: CT2 – ST4

SPECIAL FEATURES

- Intensive two day hands on practical experience using microscopes, avian tissue and simulators to practice vessels anastomosis
- Consultant delivered lectures covering basic principles, pearls and pitfalls of microsurgery.
- Teaching delivered by consultants and senior SpRs in Plastic surgery
