Mr Max Robinson

Consultant Surgeon

Newcastle upon Tyne Hospitals NHS Trust

Miss Hannah Fox

Consultant Surgeon

Newcastle upon Tyne Hospitals NHS Trust

Mr Ajith George

Consultant Surgeon

University Hospitals of North Midlands

About the NSTC

Combining didactic teaching and practical procedures with leading edge technology, we offer first rate cadaveric training and continuing professional development in a purpose built facility. We also carry out pioneering research into new techniques and ensuring that you receive the very best surgical training available in the UK, both for today and in the future.

This course is designed to facilitate the surgeon with didactic and hands on cadaveric training experience. Conducted by a faculty of experienced surgeons, this is an intensive two day course of lectures, debate, exchange and practical hands on experience on TORS procedures using a Da Vinci Robot.
