

National Microvascular Course

Newcastle Surgical Training Centre

7th & 8th March 2024

This course is designed for core surgical trainees in Plastic Surgery, Otolaryngology and Maxillofacial Surgery who have little or no experience in microsurgery or a refresher course for senior trainees. The course has been structured to gain maximum hands on experience under the supervision of experienced faculty.

COURSE DIRECTOR:

Mr Mani Ragbir

Consultant Plastic Surgeon

TARGET AUDIENCE:

CT2 – ST4

Topics Covered

- Microsurgery Equipment and the basic microsurgery techniques
- Nerve Coaptation – Primary nerve repair and Interpositional nerve graft
- Vessel Anastomosis – End to end, side to side and interpositional vein graft

Special Features

- Intensive two day hands on practical experience using microscopes, avian tissue and simulators to practise vessels anastomosis
- Consultant delivered lectures covering basic principles, pearls and pitfalls of microsurgery
