

# Robotic HPB Cadaveric Dissection Course

Newcastle Surgical Training Centre

1<sup>st</sup> – 2<sup>nd</sup> July 2024

## COURSE DIRECTORS:

Prof Steven White

*Consultant Surgeon*

Mr Sanjay Pandanaboyana

*Consultant Surgeon*

## TARGET AUDIENCE:

- Trainees ST5 – ST8
- HPB Consultants

Combining didactic teaching and practical procedures with leading edge technology, we offer first rate cadaveric training and continuing professional development in a purpose built facility. We also carry out pioneering research into new techniques ensuring that you receive the very best surgical training available in the UK, both for today and in the future.

## Aims and Objectives

Full access to the da Vinci Robot with hands on procedures on fresh frozen cadavers and full access to the clinical lectures.

Become familiar with the function & operation of the da Vinci Surgical System.

Appreciate the ergonomics of the da Vinci Surgical system robot and the available robotic instrumentation.

Understand the selection process for patient position, da Vinci surgical team position and robotic surgical approaches.

Learn robotic tissue dissection techniques using monopolar energy
